GENERAL INDEX.

Albite from Diabase of Staten Island....76
Algæ forming Sargasso Sea....58
Ancient Civilizations of America...47
Annual Election....45
" Meeting, 69th....45
Anthracite with flattened Concretions....44
Aplome Garnets....42
Apophyllite....42
Arragonite, Fibrous, from Morrisania....78
Atrypa reticularis....33

Basaltic Boulder from Woodbridge, Conn....25
Beryl, Blue, from Mt. Anteros, Colo....80
Bilobites....78
Birds, supposed new species of....34
Bridgeton, N. J., Fossil Plants from.31
Byssolite....42
Building Stones used in New York City....57, 77

Calcite enclosing Copper....47
Caltrops from western Pennsylvania....40
Carboniferous area at Newport, R. I....76
Carpinus....31
Catalogue of Chemical Periodicals.36
Ceanothus....31
Chalcopyrite....41
Chemical Periodicals, Catalogue of.36
Circleville, Ohio., Cloth from Mound at....5
Chlorite from Morrisania, N. Y.....78
Cloth from Mound at Circleville, Ohio....5
Columbia College Museums....35
Columbidæ....34
Columnar Trap, Orange, N. J....4
Conocardium....78
Copper Implements....47
" Instruments from Houghton, Mich....76
Cotton in Brazil....76
" in Peruvian Mummies....77
" used by Moqui Indians....77
Crowsfeet, or Caltrops....40
Cruziana....78
Curacoa, Meteorological Notes in...47
Cycas....47
Cypselidæ....34

Diamond, Illustration of Hardness of....59
Diamonds from Butte Co., Colo....35
Dinocerata....20
Dinotherium....20, 22
Dynagraph and Track Inspection Car....5
Egyptians, Ancient, the Language of....60
Elephants, Ancient and Modern....19
" Small, from Farther India....19

Elephas.....20, 22, 25
Extinction of the Mammoth.....19, 23, 25

Falls of Niagara, Preservation of...54
Favosites.....29
Fenestella.....29
Food and Fibre Plants of North American Indians.....35
Fossil Plants from Providence, R. I.....76
Fossil Plants from Worcester, Mass.....75
Freezing by Cold of Evaporation...80
French Creek Mines, Penn., Minerals from.....41

Garnet, Aplome.....42
Gay Head, Mass., Deposits at.....78
Gems, The Mining and Cutting of..58
Geodetic Survey, United States..... 1
Geology of Long Island 25
" " Northern Montana..... 2
Glacial Drift between New York City and Rockaway.....35
Glacial and Preglacial Drifts of New Jersey and Staten Island....26
Glacial Observations in Canada and Northern New York 43
Gravel at Glen Cove, Long Island..33
" Pre-glacial 26
Grooved Limestone Pebbles..... 2
Gypsum and Salt, Saltville.. 1
Gyroscope, Gyrostat and other Rotating Bodies, Studies of.....36

Hanksite from San Bernardino Co., Cal 79
Hybrids and Hybridism.....79

Incandescence, Temperature of.....43
Indians, North American, Food and Fibre Plants of.....35
Iroquois Customs and Language....34

Language and Customs of the Iroquois 34
Language of Ancient Egyptians....60
Lepidodendron.....75, 76
Library, Disposition of.....46
Limestone Pebbles, Curiously Grooved 2
Limulus polyphemus, Eggs of..... 5
Liquidambar Styraciflua.....31
Long Island, Geology of.....25

Magnolia glauca. 31
Mammoth, Extinction of....19, 23, 25
" Siberian, Skin of. 24
Mastodon 20, 22
Meteorite containing Olivine 5
" from New Mexico.....77
" from Laurens Co., N.C..80
Meteorological Notes in Curacoa ...47
Minerals at New Orleans Exhibition 80
Minerals from French Creek Mines, Penn 41
Mississippi River Commission, Plan of.....43
Montana, Geology of Northern..... 2
Mosques of Constantinople.....44
Mound at Circleville, Ohio, Cloth from 5
Mound Builders.....48, 49
Mussels and Mussel Culture..... 3
Mytilus edulis..... 3

Natural Science Association of Staten Island, Field Day..... 5
New Jersey Preglacial and Glacial Drift.....26
Newport, R. I., Carboniferous Area at 76
Niagara, Preservation of Falls.....54

Ocean, River and Desert Sands..... 3
Olivine, Meteorite containing..... 5

Orange, N. J., Columnar Trap.... 4
Orthoclase 42
" from Weehawken, N. J.76
Ostrea Borealis.....59
Ottrelite 76

Palace Builders....51
Pearl from Shrewsbury River Oyster 59
Photographs of Scientific Men..... 5
Phyllite....75
Plants, Fossil, from Providence, R. I....76
Plants, Fossil, from Worcester, Mass....75
Potsdam Sandstone, Figures on...42
Preglacial Drift of New Jersey and Staten Island....26
Prince's Bay, Staten Island, Glacial Drift....30
Proboscidia....19, 20
Pyrite....41
Pyroxene 42

Quercus imbricaria 81

Ripidolite from Jerome Avenue, N. Y....78
Rock-Salt in Western New York, some Recent Discoveries of....55
Rusophycus....78
Rutile penetrating a Ceylonese Zircon....59

Saltville, W. Va., Gypsum and Salt 1
Sands, Ocean, River and Desert.... 3
Sandstones used for Building in New York City....57
Sargasso Sea of Atlantic Ocean....58
Sargassum bacciferum....58
Schorlonite from Maine....25
Scleria, A Revision of the North American Species of....80
Scolithus....30
Serpentines of Vicinity of New York.... 79
Sigillaria....75, 76
Sound Waves, Theory of....34
Spirifer arenosus....30
" *arrectus*....30
" *macropleurus*....30
Staten Island Glacial and Preglacial Drift....26
Strombus gigas....59
Strophodonta Beckii....30
Strophomena rhomboidalis....30
Survey, Geodetic, United States.... 1
Surveys of United States, Trigonometric and Topographic....58

Talc, white, from Gouverneur, N. Y....77
Talc, Serpentine and Tremolitic Minerals, Association of....77
Temperature of Incandescence....43
Tin Deposits of Black Hills, Dakota....44
Torrey Botanical Club, Field Day 5
Tourmaline, black, from St. Lawrence Co., N. Y....57
Track Inspection Car 5
Trap, Columnar, Orange, N. J 4
Tribolos 40
Tyrannidæ 34

Ulmus 31
United States Geodetic Survey..... 1

Viburnum Bridgetonense....31
Volcanic Phenomena....54

Yellow Drift....26

Zircon, Ceylonese, penetrated by Rutile 59
Zizania 31
